QUEM SOMOS

A PERFICAMP é uma empresa perita em extrusão termoplástica, com mais de 20 anos de atuação no mercado, prestando serviços especializados na transformação de compostos termoplásticos.

Hoje instalada no setor industrial de Campinas - SP, com equipamentos modernos e uma equipe constantemente treinada, nossa empresa tem orgulho em poder oferecer aos seus clientes e parceiros o melhor **PERFIL** com excelência na **QUALIDADE**.

Sistema de tratamento de água para o processo produtivo

A Perficamp possui seu próprio sistema de tratamento de água com foco no processo produtivo

Os equipamentos utilizados na fabricação de compostos utilizam águas em vários de seus processos como: extrusão, resfriamento e limpeza dos silos

A água utilizada para estas etapas retorna ao centro de tratamento com excelente qualidade, para ser reutilizada na fábrica nos processos produtivos

Estas medidas foram adotadas com o intuito de reduzir os impactos ambientais e preservação dos recursos naturais

Perfil certo para a necessidade do seu negócio, otimizando sua produção!

Quase **20 anos** de atuação no mercado

Equipamentos **Modernos**

Equipe constantemente treinada

Investimentos em pesquisas de novas tecnologias

Agilidade e qualidade no atendimento

Sede em **Campinas - SP**

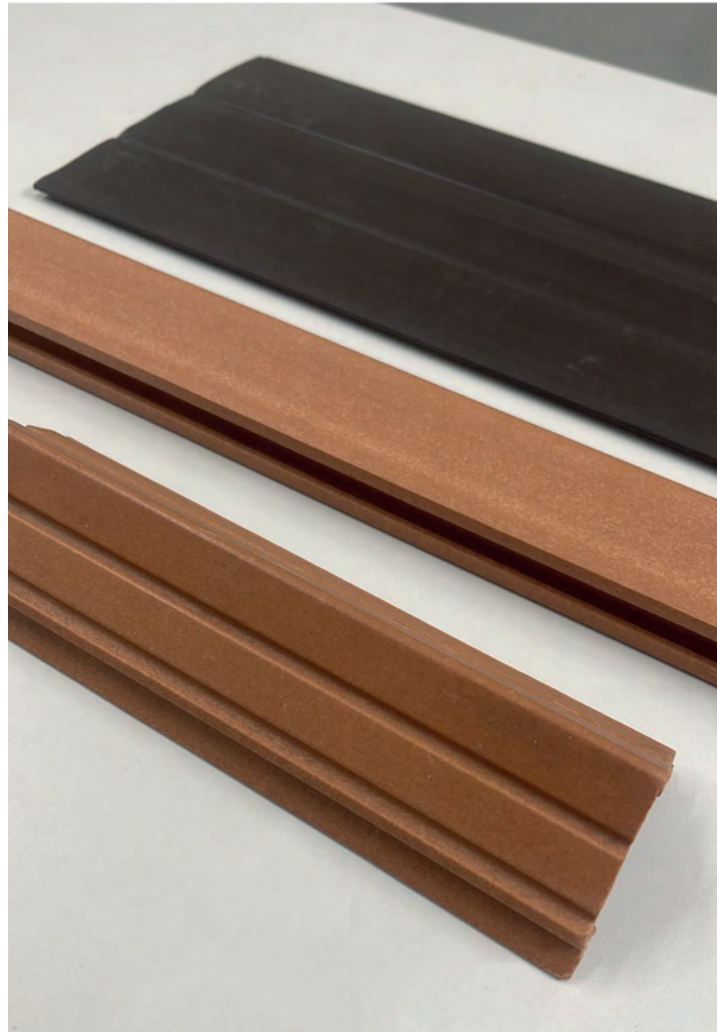

PRODUTOS

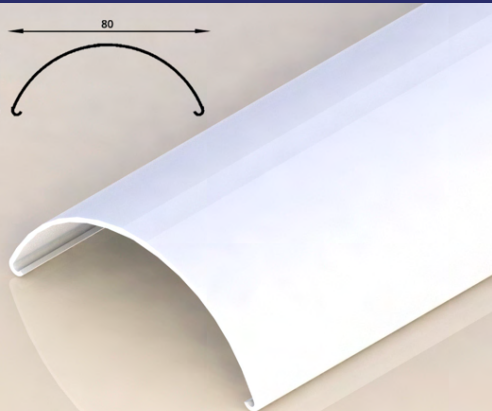

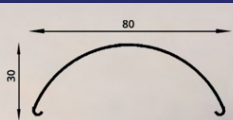

LINHA ECOLÓGICA

A Perficamp é pioneira no desenvolvimento de perfis madeirados, sendo este um resultado de um moderno processo industrial que usa os mais variados resíduos plásticos reciclados juntamente com aditivos e fibras naturais ou vegetais.

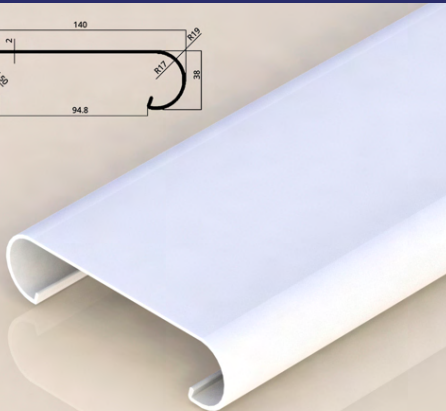

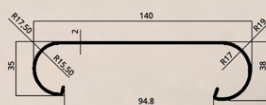

Além de ser considerado um produto mais sustentável, também proporciona acabamento rústico de excelência arquitetônica.
